HE CLOSING QUOTATIONS OF MONEY.

Offerings and Sales at the Richmond To bacco Exchange-Internal Revenue Collections... Foreign Advances.

NEW YORK, Dec. 10.—To-day's market was a renewal of the contest between the reactionists and the combined interests which have embarked upon a buil campaign. The bears were encouraged by the evident stress under which the buils labored yesterday is trying to sustain values at weak points, and they were prepared for vigorous measures to break the market. Although they had the advantage at the outset of lower quotations from London, the earliest deals here showed advances, Sugar leading. But that stock, together with Manhattan and the coalers, was seen weakened by liberal offerings to realize, and the reaction soon attracted the whole list. There were very heavy dealings in Northern Pacific preferred, which has been sharply advanced recently on rumors of a liberal dividend to be declared to-day. Covering of shorts in the final dealings and early information of the decision of the directors to dishurse the directions to dishurse the directions to dishurse the directions to dishurse the directions of a sharp fraction. The bears made vigorous attacks on all of the stocks of the local corporations, which have been recently advanced. The break in this group broke the market and precipitated declines all through the list. Many leading stocks lost I per cent. or over, and some as much as 2 per cent. The covering of shorts at the close and the rally in local transit stocks reduced net losses in most cases to fractions. The stocks of southern and southwestern railroads were comparatively firm, and show the smallest losses. Union Pacific showed a tendency to raily, though it weakened somewhat later upon a denial of the story that the Reorganization plan. The demand for higher and traders.

The feature of the bond market was the decline of four points in the Kansas Pacific consols, due to the apprehension that the possible purchase of the property by the Government may debar the holders from 1 to over 2 per cent. were shown. CHICAGO MARKET
CHICAGO, Dec. 10.—After considerable
efforts the bull clique in the wheat market succeeded to-day in closing the lid
on the boiling December shorts and get-

ting the price down to a noint that does not so openly invite all the contract wheat in the country to Chicago. December closed at \$1.03, a decline for the day of 4c., while May howed about le decline at the close. Corn and oats were governed by the changes in wheat, but showed very little change at the close. Provisions also closed substantially understantially understantial.

NEW YORK DRY-GOODS MARKET.

NEW YORK, Dec. 10.—In dry goods this has again been a dull day recorded, the cotton goods division being almost entirely dependent upon the action of the manufacturers at Fall River, while local conditions are responsible for the quietude in woollen and worsted goods, Jobbers are only doing a passing business of small proportions, except in holiday goods, which have assumed a position of importance in the Jobbing market, and are selling quite freely in lines which are very much expended. At first hands the market is practically without chance as far price is concerned in all lines. Manufacturers or their agents, however, are looking forward to a spring business of large proportions. In print cloths there has been no movement. The quotation is still 24c. NEW YORK DRY-GOODS MARKET.

### THE VIRGINIA CONTESTS.

ARGUMENT WILL BE HEARD TUES-DAY BEFORE COMMITTEE NO. 3.

Senator Daniel Will Appear for Swanson-Other Counsel in the Contests.

WASHINGTON, D. C., Dec. 10.—Special.

Tuesday, when argument will begin before Elections Committee, No. 3, in the Virginia contest cases, Capt. John S. Wise, leading counsel for his brother, Dr. R. A. Wise, will first be heard. Colonel Brady, who is counsel for the Republican contestant in each of these cases, was before the committee yesterday to ask a few questions as to the particular rule of procedure, and to urge prompt consideration. He learned that Mr. Lassiter, counsel for Epes, would not be ready with his brief for some days.

It is understood that pressing profezsional engagements last fall had caused some delay in getting up his record, but that it would probably be ready before the end of next week. Congressman Young, of Norfolk, whose side is being contested by Wise, is represented by Judge D. Tucker Brook and Mr. T. H. Wilcox. In the Swanson-Brown case Senator Daniel will appear for the contestee.

CANNOT BE PLACATED. WASHINGTON, D. C., Dec. 10 .- Special.

CANNOT BE PLACATED.

CANNOT BE PLACATED.

Congressman James A. Walker, of the Republican State Executive Committee, cannot be placated so long as S. Brown Allen, of the same committee, is in the field for the United State Marshalship. If Allen would withdraw in favor of excongressman Bowen, then his bitter antagonism to the "Big Four"—Agnew, Waddill, Brady and Allen—would cease. But Allen will not withdraw. His application is before the President and the whole matter of the marshalship has been considered by him. I talked with Mr. Allen to-day and he seemed to be as sure of receiving his appointment as that he was living. As his record while he was Auditor of Virginia was thoroughly cleared up years ago, he has nothing to fear in that direction, he says. When the President appoints him the Senate will not be slow in confirming his appointment, he thinks. Agnew, Waddill and Brady stand firmly by their endorsement of Allen, and just so soon as the President can be seen he will be urged to act.

WALKER AND YOST.

WALKER AND YOST. WALKER AND YOST.

But Walker and Yost will keep up the fight, and it is quite probable that the Western District Marshalship will be "hung up' for some time to come. But if Allen is victorious it is thought that Walker will withdraw from the Executive Committee and that he and Yost will do all in their power to balk every move that the committee may make. Republicans here who are in sympathy with the two Republican Congressmen say that it is only a question of time when the "organization ring" as they term it will be overthrown.

Zation ring as they term it will be over-thrown.

No meeting of the Executive Committee
was held, but an informal conference took
place in Col. Brady's room at the Eb-bitt. The Colonel says that it was never
the intention of the chairman to call a
meeting of the committee. Col. Brady
left for Richmond at 3.46 this afternoon.

MR. INGALL'S PROPHECY. Prosperity is Here and Will be Greater

Next Year Than This.

NEWPORT NEWS, VA., Dec. 10.— Special.—While in this city a reporter had a chat with Mr. Ingalis on matters poli-ical. Speaking of the President's mes-ciage, Mr. Ingalis said. "It is an able document and I agree with the President in his dispersal ways. I must say how. document and I agree with the President in his inancial views. I must say however, that I do not approve of Secretary Lyman Gage's proposed credit system. What the country needs is a round, stable currency and less of credit. In speaking of the condition of trade in general and the outlook for the future, Mr. Ingalls said that he had no fears for the future. This revival of business activity he said is not a mere spurt. Industries throughout the country are in operation and a general good feeling prevails. Farm ers are getting good prices for their products and are not complaining.

"The coming year will witness even a

"The coming year will witness even a greater era of prosperity. When a country sells more than it buys, it is makng money and that is what we are do-

ng to-day." Mr. James P. Baxter has been appointed keeper of the bonded warehouse, re-cently established in this city, and will assume his duties at once. Mr. Eaxter is first vice-president of the C. P. Hunt-

ington Republican League Club.

Mr. H. T. Simpson, superintendent of telegraph for the Chesapeake and Ohio railway, yesterday completed arrange-ments with the Bell Telephone Company yard and piers. The system will be used exclusively by the railway company, the central office being erected on Pier 4.

The movement which was recently started looking towards the securing of reform and retrenchment in municipal matters, is being backed by some of the most influential and leading citizens, all of whom are said to be in favor of the formation of a non-partizan organization to be known as the Citizens' League or Union. The principal objects of the or-ganization will be to secure the enact-ment of several amendments to the city charter. One of the principal changes proposed is the merging of the offices of hus doing away with one official's sal-

ces of city clerk and auditor, abolishing the latter. Several changes are also de-sired in the city charter, which would permit the making of bond issues in cases

of urgent necessity.

After getting the charter changed to the satisfaction of the members, it is said that they propose to throw away party lines and enter the next municipal cam-
